

Partnership offer

The first FBC conference was held in 1968, and ever since, it has continued to be a successful forum for sharing knowledge and experience. The 24th FBC conference will continue this tradition and provide an opportunity to share experiences and the latest research and discoveries related to fluidized beds. The event will take place between the 8th and 11th of May, 2022.

The event is organized in collaboration between the Department of Space, Earth and Environment at Chalmers University of Technology and Chalmers Energy Area of Advance, and will be held on the Chalmers campus, centrally located in Gothenburg, Sweden. We are offering companies and organizations an opportunity to show their support for this important event by becoming a sponsor.

There are different forms of partnerships available with varied benefits, see examples below. Please contact organizers for more details.

Bronze	Silver	Gold
<ul style="list-style-type: none">• Logo of your organization displayed on the website and conference program	<ul style="list-style-type: none">• In addition to Bronze level, this partnership also includes:• Poster stand on display in the conference common area.• Pamphlet of your organization included with conference kit.• Free conference admission for 2 persons	<ul style="list-style-type: none">• In addition to the Silver level, this partnership also includes:• Sponsoring of a lunch (clearly displayed in program)• Free conference admission for additional 2 persons, i.e. total 4.
